

Certificate of Conformity for products tested in accordance with the requirements of:

BS AU 145e:2018

Certificate issued to:

SPM – 190 Avenue de Parme – 01000 Bourg-en-Bresse - France

Commercial traceability : AWL 1889
Test report traceability : TUN-30340 / TR0817
Certificate No : COC-0076

*This certificate confirms that full-construction number plate samples manufactured by the above-named company have been independently tested by UKAS accredited laboratory 7517 in accordance with the relevant clauses of BSI standard: **BSAU145e:2018 – Specification for retroreflecting number plates**. This certificate also confirms the sample construction codes shown below have met or exceeded the acceptance criteria within the standard.*

2012-NRSL5W / 2012-NRSL6Y

The number plate constructions shown above are representative only of the samples provided for testing and do not refer to quality of product produced by the above-named company during subsequent production runs. It is strongly advised that batch sample testing is carried out on at least an annual basis and always after any manufacturing, raw material supplier, material formulation, production process changes or any other change which may affect the quality and conformance of the product to this standard.
